Look for the symbol in the front upper left corner of each piece of paper, you could easily recognize them from their colour, this tells you which folding instructions to use. Each sheet of paper has printed folding lines, so you can easily follow them for folding.

Das Blatt mit den Symbol nach oben legen. Mit der Farbe des Symbols erkennen, für welches Flugzeugmodell die Anleitung ist. Für jeden Papierflieger gibt es eine genaue und eigene Falanleitung.

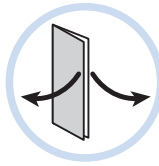

Recherchez le symbole dans le coin supérieur gauche à l'avant de chaque feuille, vous pouvez facilement les reconnaître à leur couleur, cela vous indique les instructions de pliage à utiliser.

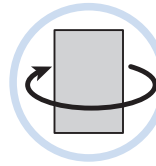

Basic Folding

Make a Fold
Eine Falte machen
Faire un pli

Useful Tips

Here are some useful tips that will make your paper planes fly more effectively.

Einige praktische Tipps die den Papierflieger besser fliegen lassen.

Voici quelques conseils utiles qui permettront à vos avions en papier de voler plus efficacement.

- Hold each paper planes in front of its midpoint.

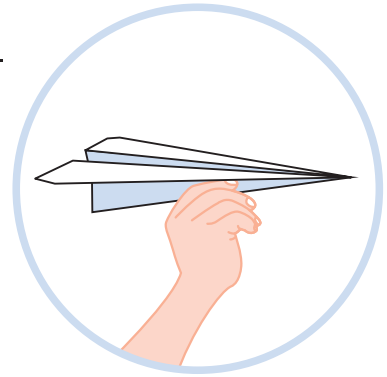

Zum Starten den Flieger vorne am Mittelpunkt halten.

Tenez chaque avion en papier devant son milieu.

- Pull back and then throw forward in a long, smooth movement to release your paper plane.

Ausholen und dann vorsichtig und gleichmässig nach vorne werfen, damit er leicht gleiten kann.

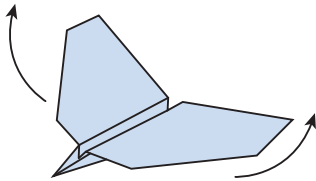

Tirez en arrière, puis lancez un long mouvement fluide pour libérer votre avion en papier.

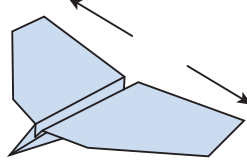

- Try changing the angle of your plane's wings to alter its flight.

Den Winkel der Flügel verändern, um damit die Flugrichtung anzupassen.

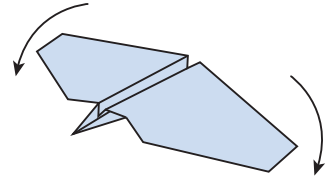

Essayez de changer l'angle des ailes de votre avion pour modifier son vol.

Wings Up
Flügel nach oben
Ailes levées

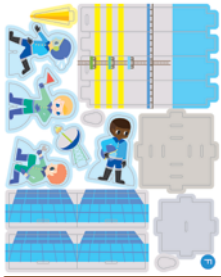

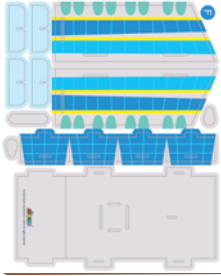

Wings Flat
Flügel gerade
Ailes plates

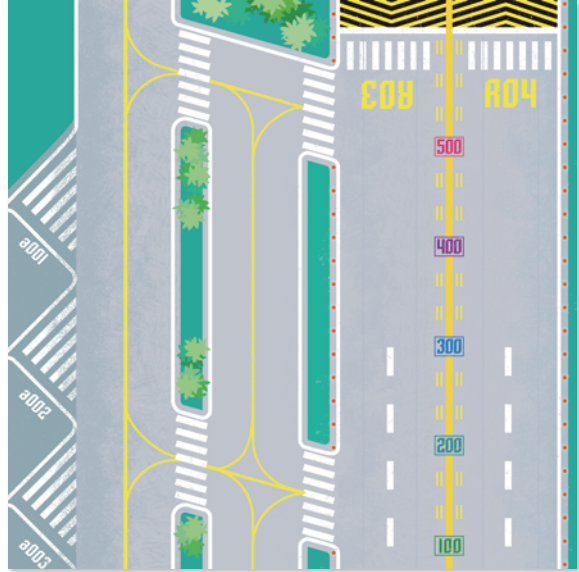

Wings Down
Flügel nach unten
Ailes baissées
